BCS Annual Conference
3-5 June 2024

Manchester Central Convention Complex

Sponsorship opportunities at the
UK's leading cardiology conference

The **British Cardiovascular Society Annual Conference** is the UK's leading and largest cardiovascular event, offering a variety of opportunities to showcase your company, products and initiatives to an audience of over 2,000 healthcare professionals in the field of cardiology. Predominantly consultant and trainee cardiologists, delegates also include nurses, cardiac physiologists and scientists.

The event attracts high profile speakers from the UK and overseas, including the leadership of both the European Society of Cardiology and the American College of Cardiology, and provides education across the cardiology curriculum to fulfil the needs of trainees and the revalidation requirements of consultants.

Key elements of the conference include the BCS Education Zone, offering tailored, one-to-one, hands-on training for simulator and imaging, and the ever popular 'Hot Topics' zones. All are situated in the Education Hall alongside our exhibitors providing a constant hub of activity and increased footfall.

Included with all stands

- Daily cleaning of the aisles and common areas
- Technical exhibitor online manual
- Dedicated support team onsite
- *Company name only badges, so transferable
- Drinks/Networking Reception with faculty & delegates
